

Family Partnership Working Survey

In order to help school identify how best we can help families to support their child's learning and well-being at home, we would be grateful if you could complete the following survey.

If you require this survey in another format or language, please ask at reception.

Questions:

1. Which aspects of your child's learning, behaviour and well-being would you welcome further advice and guidance from school to help you support these aspects at home.
2. What do you currently find works well in supporting your child's learning, behaviour and well-being at home?
3. What family activities do you enjoy doing the most with your child?
4. How do you like to celebrate family birthdays or other special family events?
5. What family activities and events do you enjoy attending the most at the school?
6. What other family events and activities would you like to see the school offering to families?
7. Would you be willing to volunteer to get involved in organising family events at school, or to offer support to individual families? If yes, what would you be willing to do?
8. Please make any further comments about family partnership working or family participation and engagement with the school below.

Thank you for taking the time to complete this survey.

Please post your completed survey in the family box at Reception.
